

OCTOBER 2013 HULETT'S LANDING POST OFFICE
 As I write this, the Autumn leaves are falling and change is in the air. It seems as if "change" is the norm these days. The photo to the left shows some of the changes you'll find here in Huletts. We now have designated parking. To bring this Post office into Federal compliance, we now have Handicap Parking, updated handrails, a wheelchair accessible lobby, writing desk and window counter. The work was just completed. Jennifer and I are busy preparing for the winter to come. We hope you have wonderful Holidays and we look forward to seeing you soon. *Thank you* for all of your support this year. Be well.

Pam
