Information Release

Release Date: August 18, 2009

To: Interested Parties (list attached)

Action on proposed Stream Corridor Protection regulations, which was scheduled for the August 25, 2009 meeting of the Lake George Park Commission, has been postponed to the September 22, 2009 meeting. The Commission needs additional time to finalize supporting documents including a Regulatory Impact Statement which will provide an evaluation of the economic impact of the regulations on regulatory entities and local government.

"We are working diligently on the supporting papers and expect to meet our schedule," said Bruce Young, Commission Chair. "There will be additional public hearings and a good opportunity for public comments before any final action on the regulations is taken," Mr. Young said.
